

INNOVATING DIAGNOSTICS. EMPOWERING HEALTHCARE.

Premium Rapid Diagnostic Solutions

for Global Healthcare Markets

CORE FOCUS

- Women's Health
- Infectious Diseases
- Nutritional Diagnostics
- Diabetes Care
- Point-of-Care Testing

Fast Results • High Accuracy • ISO 13485 • OEM & Private Label • Export Ready

OUR PRODUCTS

Rapid diagnostic solutions for professional IVD use

01

HIV-1/2 Antibody Rapid Test Kit

- Differential detection of antibodies against HIV-1 & HIV-2
- One drop (25 ul) serum/plasma/whole blood + 1 drop buffer
- Results within 15–20 min
- Excellent sensitivity & specificity

02

HCV Antibody Rapid Test Kit

- Excellent detection of total antibodies against Hepatitis C Virus
- One drop (25 ul) serum/plasma/whole blood + 1 drop buffer
- Results within 15–20 min
- Uses fusion protein of four different antigens

03

HBsAg Rapid Test Kit

- Quick detection of Hepatitis B Virus Surface Antigen
- One drop (25 ul) serum/plasma/whole blood + 1 drop buffer
- Results within 15–20 min

04

Syphilis Antibody Rapid Test Kit

- Highly sensitive detection of total antibodies against Treponema pallidum
- One drop (25 ul) serum/plasma/whole blood + 1 drop buffer
- Results within 15–20 min
- Uses fusion protein of three different antigens

05

Typhoid IgM/IgG Rapid Test Kit

- Excellent differential detection of IgM/IgG against Salmonella typhi
- One drop (25 ul) serum/plasma/whole blood + 1 drop buffer
- Results within 15–20 min
- Excellent background clearance

OUR PRODUCTS

Rapid diagnostic solutions for professional IVD use

06

Typhoid IgM/IgG Rapid Test Kit (Double Strip)

- Excellent differential detection of IgM/IgG against Salmonella typhi on two separate strips
- One drop (25 ul) serum/plasma/whole blood + 1 drop buffer in each lane
- Results within 15–20 min
- Excellent background clearance

07

H. Pylori Antibody Rapid Test Kit

- Quick detection of total antibodies against H. pylori in 'C' & 'T' format
- One drop (25 ul) serum/plasma/whole blood + 1 drop buffer
- Results within 15–20 min
- Uses mixture of more than one immuno-relevant antigens

08

Dengue NS-1 Antigen Rapid Test Kit

- Excellent detection of all four serotypes of Dengue Virus NS-1 Antigen
- One drop (25 ul) serum/plasma/whole blood + 1 drop buffer
- Results within 15–20 min
- Highly sensitive and specific

09

Dengue NS-1 & IgM/IgG Combo Test Kit

- Simultaneous detection of Dengue Virus NS-1 Antigen as well as anti-Dengue IgM/IgG
- One drop (25 ul) serum/plasma/whole blood + 1 drop buffer in each lane
- Results within 15–20 min
- Highly sensitive and specific

10

Troponin-I Rapid Test Kit

- Highly sensitive detection of Troponin-I
- One drop (25 ul) serum/plasma/whole blood + 1 drop buffer
- Results within 15–20 min

OUR PRODUCTS

Rapid diagnostic solutions for professional IVD use

11

Troponin-T Rapid Test Kit

- Highly sensitive detection of Troponin-T
- One drop (25 ul) serum/plasma/whole blood + 1 drop buffer
- Results within 15–20 min

12

H. pylori IgM/IgG Rapid Test Kit

- Differential detection of IgM/IgG against H. pylori
- One drop (25 ul) serum/plasma/whole blood + 1 drop buffer
- Results within 15–20 min

13

Scrub Typhus IgM/IgG Rapid Test Kit

- Differential detection of IgM/IgG against O. tsutsugamushi
- One drop (25 ul) serum/plasma/whole blood + 1 drop buffer
- Even the weakest positive samples are detected
- Results within 15–20 min

14

Leptospira IgM/IgG Rapid Test Kit

- Differential detection of IgM/IgG against Leptospira
- One drop (25 ul) serum/plasma/whole blood + 1 drop buffer
- Results within 15–20 min

15

Japanese Encephalitis (JEV) Antibody Test Kit

- Differential detection of IgM/IgG against Japanese Encephalitis Virus
- One drop (25 ul) serum/plasma/whole blood + 1 drop buffer
- Results within 15–20 min

OUR PRODUCTS

Rapid diagnostic solutions for professional IVD use

16

HAV IgM/IgG Rapid Test Kit

- Differential Detection of IgM/IgG against Hepatitis A Virus
- One drop serum/plasma/whole blood (25 ul) + 1 drop of buffer
- Results within 15–20 min

17

HEV IgM/IgG Rapid Test Kit

- Differential detection of IgM/IgG against Hepatitis E Virus
- One drop serum/plasma/whole blood (25 ul) + 1 drop of buffer
- Results within 15–20 min

18

Toxoplasma IgM/IgG Rapid Test Kit

- Differential detection of IgM/IgG against Toxoplasma gondii
- One drop (25 ul) serum/plasma/whole blood + 1 drop of buffer
- Results within 15–20 min

19

Filariasis IgM/IgG Rapid Test Kit

- Differential detection of IgM/IgG against lymphatic filarial parasite W. bancrofti
- One drop (25 ul) serum/plasma/whole blood + 1 drop of buffer
- Results within 15–20 min

20

Chagas IgM/IgG Rapid Test Kit

- Differential detection of IgM/IgG against Trypanosoma cruzi
- One drop (25 ul) serum/plasma/whole blood + 1 drop of buffer
- Results within 15–20 min

OUR PRODUCTS

Rapid diagnostic solutions for professional IVD use

21

Chikungunya IgM/IgG Rapid Test Kit

- Simultaneous and differential detection of IgM/IgG against Chikungunya virus
- One drop (25 ul) serum/plasma/whole blood + 1 drop of buffer
- Results within 15–20 min

22

Dengue IgM/IgG Rapid Test Kit

- Simultaneous and differential detection of IgM/IgG against Dengue Virus
- One drop serum/plasma/whole blood (25 ul) + 1 drop of buffer
- Results within 15–20 min

23

Kala-Azar Antibody Rapid Test Kit

- Detects total antibodies against Leishmania donovani
- One drop (25 ul) serum/plasma/whole blood + 1 drop of buffer
- Using Leishmania specific rK-39
- Results within 15–20 min

24

Vitamin B-12 Rapid Test Kit

- Semi-Quantitative Test
- Compatible with serum/plasma/whole blood
- Available with colour chart
- Results within 15–20 min

25

Vitamin D Rapid Test Kit

- Semi-Quantitative Test
- Compatible with serum/plasma/whole blood
- Available with colour chart
- Results within 15–20 min

OUR PRODUCTS

Rapid diagnostic solutions for professional IVD use

26

Glycosylated Hemoglobin (HbA1c) Rapid Test Kit

- Able to differentiate between non-diabetic, pre-diabetic, and diabetic sample
- Semi-quantitative
- Results within 15–20 min

27

Ferritin Rapid Test Kit

- Excellent for screening iron metabolism
- 10 ul serum/plasma/whole blood + 1 drop of buffer
- Results within 15–20 min

28

Immunoglobulin-E (IgE) Rapid Test Kit

- 10 ul serum/plasma/whole blood + 1 drop of buffer
- Useful in screening allergic response
- Results within 15–20 min

29

D-Dimer Rapid Test Kit

- Excellent for screening for thrombosis (blood clotting)
- 10 ul serum/plasma/whole blood + 1 drop of buffer
- Results within 15–20 min

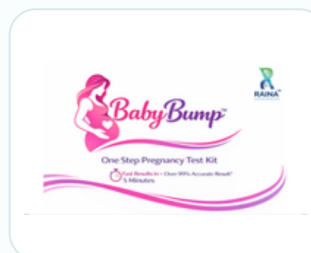

30

hCG Rapid Test Kit (Pregnancy Test)

- 2 drops of urine
- Results within 5 min
- Detection up to 25 mIU hCG

ABOUT RAINA LIFESCIENCES

Raina Lifesciences develops reliable, affordable and innovative In-Vitro Diagnostic (IVD) rapid tests. The company is focused on quality, practical point-of-care solutions and global healthcare markets.

WHY CHOOSE RAINA

- Fast Results
- High Accuracy
- ISO 13485
- OEM & Private Label
- Export Ready

PARTNER WITH US

OEM Manufacturing • Private Label Solutions • Custom Packaging
Global Distribution Partnerships • Regulatory Support
